DETAILED ACTION

Prosecution History Summary

Claims 1-2, 4-20 and 22-42 were pending.

Claims 22-33 were previously withdrawn and are hereby cancelled.

Claims 1-2, 4-20 and 34-42 are allowed.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew Clapper on 10/29/2009. The application has been amended as follows:

In the Title

The title has been amended to read as follows:

--Multiple supplier system and method for transacting business—

In the Claims

8. (Currently Amended) A method of conducting electronic commerce comprising:

employing at least one processor to execute computer executable instructions stored in memory to perform the following acts:

requesting an online bid from a plurality of suppliers;

receiving bids from bidding suppliers, each bid specifies a price for which the associated bidding supplier will sell a product at particular price points varying as a function of a quantity of the product;

displaying in real time a lowest price bid at a respective price point as bids are received;
and

accepting a bid.

Claims 22-33 (Cancelled).

Allowable Subject Matter

Independent claims 1 and 8 are allowable for at least the reasons set forth in the Board of Patent Appeals and Interferences decision mailed 9/21/2009 (note Pages 5-6). Claims 2-20 and 34-42 depend from allowable claims 1 and 8 and are thereby allowed therewith.

In addition, claim 8 now recites *employing at least one processor to execute computer executable instructions stored in memory to perform the following acts*. Such amendments are noted to overcome any potential rejections under 35 USC 101, with the following interpretation noted. The term employing is hereby interpreted as “to put to service or use” [Webster’s New Riverside Dictionary], or similarly, “to make use of (an instrument, means, etc.)” [www.Dictionary.com]. The steps then require that a processor be actively used to execute instructions performing the recited acts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
